

**St John the Baptist  
Westbourne, West Sussex**

**Index of Churchyard & Church  
Monumental Inscriptions**

Compiled by  
Beryl & Keith Linder

The index relates to a record of the churchyard & church memorials made between 1999-2001 by a team composed of members of the parish and NADFAS (the National Association of Decorative & Fine Arts Societies).

It should be noted that, in order to maintain single line entries, the index gives only a brief indication of place, relationship & status (augmented in some instances by information from the Burial Register); in many cases the inscription provides more detail & the full record should be consulted. Full copies have been deposited with Westbourne Parish Church, West Sussex Record Office and the National Monuments Record, the public archive of English Heritage.
